AFRIKA

An Italian tile made in the USA

A sophisticated slate-look created through High Definition Technology. The Afrika collection is a glazed porcelain inspired by the warm colors of a faraway land that is home to diverse ethnicities and languages, where everyone is united by the beauty of design. The sinuosity of the line, the light texturing on the surface and precious details enrich every tile to create a custom look that will last a lifetime. A tile so bold and beautiful, it will leave you speechless. The series comes in four colors that embody the warmth and comfort of home, wherever that may be.

WHY PORCELAIN?

There are many reasons to choose impervious porcelain tile over other floor coverings. It offers the largest array of design options and holds its value the longest. In a comparison between the many different flooring options, porcelain tile offers one of the most durable and least expensive options over the lifespan of the building.

Benefits of Porcelain Tile

- Impervious to water
- Easy to maintain
- Variety of design options
- Environmentally friendly
- Resistant to germs and bacteria
- Fade resistant
- Fire resistant
- Durable - best long-term value vs. other floor coverings

HOW TO MAINTAIN YOUR PORCELAIN TILE

- Sweep or vacuum regularly.
- Wash with a household cleaner and hot water then rinse with clean water (do not use wax, oil-based, or abrasive cleaners).
